

Standard CBD Oil Drops

Support your client's wellness — with the full hemp profile.

- This unprocessed, full-spectrum CBD Oil is made using non-dewaxed and non-decarboxylated hemp extract, preserving all natural hemp ingredients — including **waxes, chlorophyll and acidic cannabinoids**.
- Ideal for consumers who value **potent hemp profiles** over taste or refinement.
- Naturally rich in **CBDV, CBDA, CBG**
- Available with **MCT oil, hemp seed oil or olive oil** as a carrier.

Active Ingredients

- Cannabidiol (CBD)
- Cannabidiolic acid (CBDA)
- Tetrahydrocannabinol (THC) <0,2%
- Other minor cannabinoids

Attributes

Taste: Mild to Strong

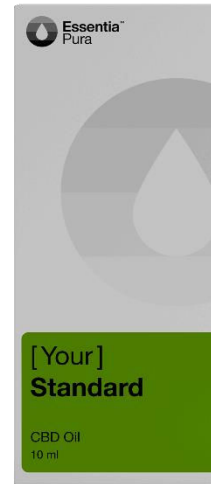

Colour: Amber-Brown

Shelf life: 24 months

Volume: 10 ml

Why Full-Spectrum CBD Oil?

- **All-natural** ingredients designed to potentially support the wellbeing.
- **CBD** may help treat pain, anxiety, inflammation, and other health problems.
- **THC** has been traditionally used to treat insomnia, pain and nausea.
- Research suggests that the synergistic effect of combining compounds in the cannabis plant may provide more significant health benefits.
- **Stronger entourage effect** — supports maximum synergy between cannabinoids, terpenes, and phytonutrients.

Why launch

• MEETS OVERALL CBD DEMAND

Appeals to experienced users and purists seeking **unprocessed formulations**.

• FULL-SPECTRUM POWER

Offers a **broader range of cannabinoids** compared to broad-spectrum or isolates.

• NATURAL COMPLEXITY

Delivers a full-plant experience with **acidic cannabinoids**.

All Ingredients

Hemp Extract, Hemp seed oil or MCT oil or olive oil (other on request)
